November 1, 2022

Dear Friends of the Fund,

I hope this report finds you and yours healthy and safe.

2022 is a milestone year for the Scholarship Fund as we celebrate our 40th year of service to the deserving young people of our community. This accomplishment has given us a chance to look back on the last four decades and reflect on the impact our organization has had on the more than 2,500 students and families that have benefited from our efforts.

Thanks to the unwavering commitment of our donors, the 2021 - 2022 scholarship cycle was record-breaking for the George Snow Scholarship Fund.

This year we had 1,200 applications for our scholarships and awarded more than \$2.2 million in scholarships and Scholar Support Services to 212 Scholars. In addition to our new awardees, we provided continued support and guidance to more than 314 Snow Scholars currently working on their degrees.

Over 40 years ago, as a small grassroots organization was created to honor the memory of one man. Today, the George Snow Scholarship Fund has grown into one of South Florida's most respected and beloved non-profit organizations.

What sets the Scholarship Fund apart from most other scholarship providers is our holistic approach to supporting our Scholars. Not only do we provide our Scholars with financial support for their educational expenses, but perhaps more importantly, we adopt them into our growing family of Scholars, volunteers, donors, and staff. This family environment provides numerous support programs for the Scholars that are all designed to increase graduation and success rates.

In short, we do for our Scholars what we would all do for our own children. The pages that follow give you the opportunity to learn more about our amazing Scholars. As you read our Annual Report and see the incredible scope of the Scholarship Fund's work, keep in mind that it would not be possible without your support and passion for our organization. Each Scholar's success is your success. Thank you for helping us help the leaders of tomorrow, today.

With Great Gratitude,

Tim Snow

President, George Snow Scholarship Fund

Our Mission

The George Snow Scholarship Fund’s mission is to help hard working students in South Florida to graduate from college by providing financial aid and wrap-around support services. Our goal is to ensure that no student is deprived of an education because of a shortage of funds or a lack of support.

Our Model

Providing scholarship funds is easy, dedicating ourselves to helping each student graduate from college is the focus and challenge for our staff. Beyond receiving scholarships and financial aid, these students become part of The George Snow Scholarship Fund family. They will receive our guidance and support well beyond freshman year, as they start the next phase of their lives. Everything we do is guided by the question “what would we do for our sons or daughters?” We do what we do for these students with the support of our local communities and we believe this is paid back with each student achieving their career goals and becoming productive citizens within the community.

SCHOLAR SUPPORT SERVICES

The belief that what we, as scholarship providers, offer to our scholars in the form of Scholar Support Services is just as, if not more valuable, than the financial commitment we make to them. The George Snow Scholarship Fund is nationally recognized for its creative and innovative Scholar Support Services. Our Scholars become a part of our family. No other scholarship provider does as much for their scholars.

SCHOLAR SUPPORT SERVICES CURRENTLY INCLUDE:

CAREER DEVELOPMENT CURRICULUM

The Career Development Curriculum will provide a roadmap for excelling our students' skillsets for both their collegiate and career goals, with the hope of landing them an internship and a job upon graduation. Through networking and partnering directly with top employers of Palm Beach County, we will bring their expertise and knowledge to our scholars, across a variety of industries.

COLLEGE CARE PACKAGES

For students with little or no support at home, college can be a difficult and daunting journey especially in times of stress during midterm and final exams. Each Fall our Scholars receive a package filled with fresh baked brownies or cookies and other tasty treats along with a note of encouragement.

COLLEGE MAKEOVERS

Thanks to the generous donation of services from Back Bay Hair, Scholars can get haircuts and hair coloring prior to their first semester in college. This allows the students to enter college with a positive self-image and extra confidence.

COLLEGE PHYSICAL PROGRAM

Through a partnership with the Boca Raton Regional Hospital, our Scholars can have their college physical performed by a hospital physician. In addition, they may receive any needed vaccinations or inoculations such as meningitis and tetanus.

COLLEGE SUPPLY GIFT BAGS

Each Scholar receives a gift bag containing valuable products they can use during their first year at college including school and dorm supplies. These are quality products which are either donated to or purchased by The George Snow Scholarship Fund.

COMPSYCH

ComPsych provides Snow Scholars and their family members free access to their student assistance program. ComPsych offers mental health counseling, legal and financial consultation and work-life assistance services. Students and their family members receive five free sessions on a per person, per issue, per year basis. The ComPsych guidance resources offers someone to talk to whenever and wherever they need them.

COMPUTERS AND COLLEGE SUPPLY PROGRAM

Scholars, in addition to their financial award, have the option of choosing either a laptop computer or a cash college supply stipend. Computers are new, state of the art machines that are designed to last the Scholar their entire college career.

EMERGENCY FUND

Each Scholar has access to our Emergency Fund. The purpose of this Fund is to provide a resource for Snow Scholars that will help them manage unexpected and nonrecurring hardships such as sudden medical or travel expenses due to a family emergency.

HIGH SCHOOL TO COLLEGE: TOOLS FOR A SUCCESSFUL TRANSITION

This innovative program educates our Scholars on the many challenges and changes in lifestyle and environment they will experience entering their first year of college. By the time they begin college, they are educated consumers of higher education.

MONDAY MORNING MOTIVATIONAL MESSAGE

One of the most difficult things for many students is to be away from home and away from someone who will guide them and give them encouragement. With this in mind, each Monday morning, Snow Scholars are sent a message comprised of motivational quotes and stories that will set the tone for the busy week ahead and let them know that there is someone back home cheering for them.

SCHOLAR CLOSET

For college students living on a budget, quality clothing can be hard to come by. The Scholar Closet addresses that issue. Snow Scholars of all gender identities can visit the closet year-round for FREE clothing, shoes, and accessories. We rely on donations from community partners and individuals to offer both casual and professional attire. Clothing items are available for regular day-to-day use or for job interviews, and they are not expected to be returned!

SENIOR PORTRAITS

Each year, we create a studio in our office to take professional headshots. Snow Scholars receive a free digital copy to use in case they cannot afford a senior portrait or headshot for professional profiles like LinkedIn!

SNOW FAMILY MASTER CLASSES

We offer Snow Family Master Classes to teach our Snow Scholars valuable skills and to help them stand out against their peers. Classes are held in-person and virtually at no cost to the scholar. Professionals in the community and Snow Alumni volunteer their time to educate scholars on subjects they are experts in. Class topics include Cooking, CPR, Computer Programing, Financial Planning, Home Buying Basics, and Mindfulness.

SNOW FAMILY NETWORK

The Snow Family Network is a social networking platform where Snow Scholars and Snow Alumni are able to connect with each other. The platform can be used to find a mentor in a related field, search for jobs/internships, get updates on events, or just share life updates!

NON-PROFIT PARTNERSHIPS

The George Snow Scholarship Fund is extremely proud of our collaboration with other local and national non-profit organizations. These strategic partnerships expand our reach and enhance our scholarships and Scholar Support Services which magnify the benefits each of our Scholars receive.

Scholar Spotlight: Q&A with Daniel Garcia

Currently going into his senior year at Columbia University, majoring in Biomedical Engineering. Awarded the GSSF scholarship in 2019.

Q. You were born in Colombia and came to Palm Beach County as a 16-year-old without knowing much English... how did you get into an Ivy League school?

A. It's true, I knew very little English when I moved in with my father who had relocated here 16 years earlier. I started as a sophomore at Olympic

Heights High School because I was interested in its Choice and Career Academy program for engineering. Plus, I had desires of attending an Ivy League school. However, learning a new language was the barrier. While many doubted me, I worked day and night on my English including watching a lot of shows and movies on Netflix with the subtitles and stopping it after every sentence to practice the words. My father sent me to the library to read famed works of literature. It was Ernest Hemingway's *Old Man and the Sea* that spurred me on to read more and more to help build my vocabulary. My journey from Colombia to Columbia University hasn't been easy, but extremely rewarding.

Q. Tell us about being a caregiver and how that has positively affected your life.

A. When I moved here, my grandmother needed caretaking and my father and I juggled the responsibilities. My father was working two jobs and his schedule was typically 6 am to 11:30 pm. I knew when I would get home from school, I would have no time for homework. This meant I would need to finish it at school so I could concentrate on caring for my grandmother.

One day I stumbled upon a pamphlet for caregivers and information on resources that could help. Well, those resources were so important for our family and actually gave me some more time to bond with my father. It was so impactful that I am currently a member of the American Association of Caregiving Youth. And it's this passion for caregiving that has inspired me to help others in need and I believe this will be part of my career.

Q. Tell us about receiving the George Snow Scholarship in 2019 and what that meant for Daniel Garcia.

A. To continue my education, it was apparent that I needed scholarships to do so. When the GSSF team came to Olympic Heights, I was impressed and put together a strong application. While receiving the news about getting the scholarship was a highlight, I had no idea that the George Snow Scholarship Fund would change my life. Sure, the financial support is crucial for attending college, but this organization cares so deeply for its scholars. In my first year at Columbia, my grandmother whom I grew up with and helped raise me with my mom in Colombia passed away. I was devastated and gutted. I couldn't afford to get back to Colombia and be there to grieve with my mother. With a simple call to the staff at GSSF, they immediately recommended using the emergency fund to help pay for the trip back to Colombia. I was shocked and they said my mental health was as important as my academic health. I will never be able to repay them for this gift and am so grateful. I don't know where I'd be today without being able to go back to honor my grandmother. This is the beauty of the George Snow Scholarship Fund in that our mental health is a priority and not just grades.

Continues on page 8

IN LOVING MEMORY OF
Dr. Jairo Garcia Valencia
1963 - 2022

Beloved father to Daniel Garcia. Daniel would not be the man he is today without his father. We proudly dedicate Daniel's spotlight to the late Dr. Jairo Garcia Valencia.

DANIEL GARCIA STATS

| Major: | Biomedical Engineering |

Continued from page 7

Q. What’s your college career been like so far going into your senior year? We heard you have a very strong work ethic.

A. Like all college students, COVID made it very challenging. During my freshman year, things were nicely on track until the virus shut down the world, but I got through it with a determined work ethic. My first job was as a waiter for a catering service, which meant I would have to be up at 4 am prepping for that job and would finish my studies around 1 am. I’m now the Director of Columbia University’s EMS Program. This student-run and volunteer program is a tremendous responsibility in which I am in charge of running the campus ambulance service, handling budgets and overseeing the operations and staff.

Q. What does the future hold for Daniel Garcia?

A. I remember when I was eight years old, I fell in love with the idea of Engineering, which is the solving issues through innovations and machinery. For example, while most kids were watching TV, I was taking apart and rebuilding the TV to

understand more about it. This, coupled up with my fascination towards medicine, I grew to love Biomedical Engineering, an intersection of both Medicine and Engineering.

I’m currently preparing to take the MCAT so I can go to medical school. While I’ll have a degree in Biomedical Engineering, I’ve fallen more in love with tending to people more than designing machines. I believe a career as an emergency physician or a career in critical care is in my future. I have a passion for helping people when they are having one of the worst days of their lives and making them better. My experience in helping Emergency Medical Technicians is that no matter how long my shift was, I was never tired. In fact, I was inspired to do more.

Q. What would you tell an aspiring high school student about the George Snow Scholarship Fund?

A. That’s easy. Go for it. This organization will be one of the greatest things ever in your life. They are dedicated to helping you, way beyond the financial. You will meet many amazing people through them and you will be joining a family that will always have your back and help you in many ways to succeed.

Strategic Partner Spotlight: In Jacob’s Shoes

In Jacob’s Shoes mission is to provide new and gently used shoes, socks, backpacks, school supplies, and athletic gear to local children in need living in South Florida. It was formed in honor of the life of Jacob Samuel Zweig who was tragically killed at the age of seventeen on November 15, 2008. In his short life, Jacob touched and inspired so many people.

In Jacob’s Shoes partners with local schools, shelters, social service agencies, and other charities to provide shoes, socks, backpacks, and school supplies to local children in need. Since its inception in 2009, In Jacob’s Shoes has provided over 200,000 pairs of shoes, 34,000 pairs of socks, and 10,000 backpacks with school supplies to children and families in their care.

“Under the passionate guidance of Harlene Zweig, In Jacob’s Shoes has become not only a cherished partner for the George Snow Scholarship Fund but so many other worthy organizations that benefit from their generosity. Our staff, volunteers and especially our scholars owe them a massive thank you,” said Tim Snow.

Q & A with Harlene Zweig, co-Founder and President of Jacob’s Shoes

Q. How have you partnered with GSSF?

A. Since 2020, In Jacob’s Shoes has provided footwear for

each new scholar with GSSF. Depending on the request from the scholar, this could be dress shoes or heels for graduation or athletic shoes for their next big game. Whatever the request, we are honored to provide these hard-working scholars the proper footwear that they need in order to continue their success. And our relationship with GSSF goes back years before when we were introduced through Spirit of Giving and its Back to School Bash. We even provide a pop-up store for the scholars and thousands of other children in need to pick out footwear at the annual Spirit of Giving Back to School Bash. It’s an incredibly rewarding partnership that Jacob would have been so proud of.

Q. How are these scholars benefiting from In Jacob’s Shoes?

A. You can’t “grow from the ground up” without the proper footwear. It is so easy to take for granted the ability to have nice shoes and socks. Without them... the road to success is limited. There is a tremendous pride in having nice shoes that serve an important function. Those sneakers might be taking scholars to their classes. Those dress heels might be taking scholars to their graduation or first job interview. It is an absolute honor to think we are playing a role in the positive trajectory of these young people’s lives. We are excited to partner with the George Snow Scholarship Fund and look forward to a long and rewarding relationship.

Alumni Spotlight: Q&A with James Farese

Q. Of four siblings, you had a brother and sister with serious disabilities. How did this caretaking affect you and your family?

A. I grew up in West Boca Raton in Sandalfoot Cove. Both parents were teachers, although my mother had to give it up to become a caretaker for

my siblings. My sister was born with down syndrome and had serious pulmonary issues that needed three open-heart surgeries. Most doctors said she wouldn't survive past the age of 5, but she was able to live 17 years until cancer took her life. My brother was born with apraxia, a neurological disorder that affects motor skills. His inspirational journey is a success story as he has led a normal life in the Boca area.

At an early age, everyone in my family became caretakers. While there's no such thing as a typical childhood, mine was far from it. While extremely challenging, it was also tremendously rewarding and gave me some key character traits that helped me in my entrepreneurial career including: being selfless, putting others first, and the importance of responsibility. While I might have struggled with socializing early on, it made me grow up faster and more focused on helping others.

Q. What did getting the George Snow Scholarship Fund scholarship in 2010 mean for you?

A. From an early age I was devoted to academics. During my freshman and sophomore years I dual-enrolled at Palm Beach State College. As a junior and senior at Olympic Heights High School in Boca, I played varsity football and ran track. My goal was to be an entrepreneur but didn't know where to begin to make it happen. It was my guidance counselor who recommended the George Snow Scholarship Fund. I applied and was so honored to receive the scholarship.

Besides the money for attending college at Florida Atlantic University, receiving this prestigious scholarship does so much more. It validated all my hard work and having an organization behind you like George Snow is so motivating. Not only do they take a vested interest in your success, but it is that sense of approval and belief in its scholars that spurred me on to success.

Q. You are now the CEO of ReachLink, a successful Teletherapy company in Boca Raton. Seems like you achieved your entrepreneurial dream... how did this

happen?

A. It certainly didn't happen overnight. I had many jobs that taught me so much about becoming an entrepreneur. I managed a chain of stores, learning the ins and outs of business and retail. I was the sixth employee of a tech start-up that quickly grew to over 300 employees. It was amazing to have such a great seat to learn how to scale an organization quickly and mentor with a brilliant serial entrepreneur. And in 2018, while I was working in the healthcare industry, I realized the benefits of continued therapy online. That people leaving rehab needed to stay connected. I started ReachLink in 2019 as a much-needed after-care solution.

Then COVID hit... and the world realized the importance of mental health and online solutions. It was the right place at the right time, and we had the network of therapists in place to provide help to so many. We grew exponentially from there and currently have over 150 therapists in our network and over 20 staffers here at our headquarters at the Research Park at Florida Atlantic University's Boca Raton Campus.

Q. Plus you are receiving many accolades... what are those?

A. It was such an amazing experience to be visited by Palm Beach County's Mayor Robert S. Weinroth for being named by Forbes Magazine in its inaugural 2021 Next 1000 list. Plus, we have been accepted as an EndeavorLAB participant with Endeavor Miami in partnership with the City of Boca Raton.

Continued from page 9

The coolest thing is that this story goes full circle as I get to support the George Snow Scholarship Fund now. Not only has my company partnered with The George Snow Scholarship Fund to offer internship opportunities to fellow Snow Scholars in need of work experience in health care, but this year I was asked to participate in the scholar interviews for the 2022 scholar interviews. It was an honor to meet so many deserving scholars in Palm Beach County. Our future is bright.

Q. *I'm sure your future is bright too... what's next for James?*

A. Besides growing ReachLink to help more and more people, I'm also currently working on an exciting new project. Thanks to being part of an accelerator program with FPL/

Next Era Energy called the 35 Mules Innovation Hub, my new company Bond Energy is working to commercialize rare earth materials extraction from seawater.

Q. *From caretaker to scholar to entrepreneur... what's the takeaway for kids out there seeking a scholarship?*

A. Take advantage of opportunities. Being a family caretaker helped me to create a business that helps people. Being part of the George Snow family of scholars has helped me network my ideas and learn from other entrepreneurs. Being an entrepreneur has allowed me to do the things that make me happy and this allows me to make decisions that might go against the grain... but can be seriously rewarding. If there are kids out there with dreams and they need that little bit of help, please apply for that scholarship, because it played a major role in my success and happiness.

Strategic Partner Spotlight: Spirit of Giving

The Spirit of Giving organization is not only one of the most beloved and recognized non-profits in Palm Beach County but has also been a loyal supporter of the George Snow Scholarship Fund for over 16 years. The Spirit of Giving network creates alliances with nonprofit organizations by sharing resources and providing education to strengthen the local community.

Spirit of Giving traces its beginning to 2001, when Dick and Barb Schmidt hosted a holiday party and asked the guests to bring a toy for a deserving child, this resulted in over 600 gifts. They decided that they needed to determine what local organizations needed these toys. To better understand the non-profits in the community and find out their mission and who they serve, the Junior League of Boca Raton and the Schmidt Family Foundation brought together local nonprofits that have a focus on supporting children and families.

After bringing these organizations together, many were reluctant to share their resources, afraid they might lose some of their support. However, each month, the group would meet and share ideas. Before long, the non-profits started to believe that they could accomplish more as a group, making a greater impact and more easily achieving their goals. Over the next few years, the group continued to meet to share ideas and resources and determine what other areas they could address. From that, the Spirit of Giving was created!

"Spirit of Giving currently supports eighty-nine worthy non-profits and are honored to include the George Snow Scholarship Fund in that group. They are a tremendous

organization that cares so deeply about its scholars... not just financially but making sure they have the tools to be successful in school and beyond," said Lindy Harvey, Executive Director for Spirit of Giving. "Plus, they are a huge asset for our network, always willing to help other non-profits be successful. This is why we are dedicated to supporting its scholars through our many innovative programs and events."

One of the innovative events includes the annual holiday gift drive, in which they provided 120 gifts to the newest George Snow Scholars to help them with any college needs. The Spirit of Giving is also the charitable partner for the annual Boca Raton Bowl, the ESPN bowl game that is televised nationally. Each year, they invite current and past scholars to attend this major event in Boca Raton at the beautiful FAU football stadium. As part of its Back-to-School program, Spirit of Giving has partnered with Venus.com, the popular online women's clothing company and they will provide brand-new sample clothing for scholars. In fact, the George Snow Scholarship Fund created a closet for its scholars to pick out clothing before they head to their college campuses.

"We are so proud of our association with Spirit of Giving. They have been instrumental in making Boca Raton and its surrounding areas a leader in philanthropy," said Tim Snow, President of the George Snow Scholarship Fund. "Both our missions are focused on sharing resources and our thousands of scholarship recipients have benefited because of the support we've received and continue to receive from an incredible organization like Spirit of Giving."

◆◆◆ **THROUGH THE YEARS** ◆◆◆

Volunteer Spotlight: Robin Deyo

When the George Snow Scholarship Fund asked Robin Deyo to participate in its 2010 Boca Ballroom Battle, little did she know she would be getting not only an incredible competitor but a fiercely dedicated supporter and volunteer.

Q. Why is volunteering so important to you?

A. My parents set a good example in my youth by volunteering at our church, school and other organizations. When I settled in Boca Raton, my company was contracted by the Junior League of Boca Raton to help them develop a companion CD-ROM to their James Beard award-winning cookbook, Savor the Moment. I was so impressed with the Junior League members that I just had to join!

That single decision was a turning point for me which ended up making Boca my home for the next 20+ years but also engaged me as a trained volunteer dedicating time and efforts to the various projects the League supported. Over the years, I was on a ton of committees but also took leadership positions on the community and finance councils as well as Board of Director positions including VP of Finance and VP of Planning.

This year the George Snow Scholarship Fund is celebrating its 40th Anniversary, I'm helping with our 2022 Communications plans to bring updated branding and messaging for the monetary goals needed.

Q. Why the George Snow Scholarship Fund?

A. Not only was it an honor to be asked to be a Community Dancer for the 2010 Boca Ballroom Battle, but it forced me to step out of my comfort zone by dancing with a professional dancer in that "Dancing with the Stars" format in front of an audience over 800 people. It was a thrilling experience, and I also loved raising money for such an important non-profit. Once I finished up my role as Community Dancer in the 2010 Ballroom Battle, I was asked to sit on the Board of Trustees for the George Snow Scholarship Fund (GSSF) of which I continue to be a Board Trustee and now serve on the Executive Committee as the GSSF Secretary.

My volunteer activities have become more focused in recent years because I truly believe that "Education is a Game-changer". Anyone with an education can use those learned skills to steer their life journey to unlimited horizons. Empowering the students in Palm Beach

County to reach for the stars is very rewarding.

Q. What sets the George Snow Scholarship Fund apart?

A. Once you start to hear the stories of the scholars and witness their success... it's wonderfully addictive. I remember when my daughter's baby-sitter became a GSSF scholar and I got to see first-hand the impact her scholarship had on her. Especially with how proud she made her struggling single mother with her scholastic accomplishments.

Another honor was to be a member of the application review group and read over 100 submissions. It was next to impossible to rank the applications because each one was extremely deserving. After participating in the selection process, I know first-hand how important it is that GSSF continues to go above and beyond to make sure we get as many of those potential scholars into higher education as we possibly can!

Q. What would you say to someone thinking about volunteering for the GSSF?

A. Very rarely does a non-profit have the staffing to cover all the organization's tasks and responsibilities. Volunteers are needed to help execute a variety of objectives and roles, but the constant turnover of volunteers can make it really difficult to consistently deliver results. But between the support of the GSSF staff and the success of the scholars, volunteers for this non-profit quickly understand the importance of their role.

I was asked to help present the scholarships at the Award Ceremony this past June and it was so inspiring to meet our deserving scholars. You could feel their excitement, optimism, and drive. I am confident we are in great hands with this next generation! And if you are considering volunteering with the GSSF, I promise that each second you spend will be "time well spent" and extremely rewarding.

2021 FINANCIALS

What began as a memorial to one philanthropic and devoted man has become a community asset— a family of individuals, corporations, private foundations, and community service organizations who share the belief that education is the key to a better life for the young people we serve.

The Scholarship Fund is governed by a dedicated Board of Trustees who steer the organization towards a sustainable future by adopting sound governance and financial management practices, as well as by making sure the Scholarship Fund has adequate resources to advance its mission.

Our Finance Committee works with staff to ensure our rigorous financial and administrative controls and works closely with our auditors to accurately communicate our financial positions to our stakeholders.

Our Investment Committee oversees the assets of the Snow Education Endowment and our other restricted assets to ensure that they are not placed at unreasonable risk by investing in a prudently diversified portfolio which, over time, provides for growth and income to fund scholarships each year.

Through careful management of the contributions invested in our organization we are able to maximize the funding which directly benefits each of our scholars.

The George Snow Scholarship Fund Giving Societies

Over the years, the George Snow Scholarship Fund has become a valuable resource for the deserving young people in our community. We have been able to accomplish this only through the generosity and support of many kind and generous individuals and corporations. The following giving societies serve to recognize those wonderful people who share our vision and have given so unselfishly of themselves.

The George Snow Scholarship Fund Giving Societies recognize our family of donors in three ways:

THE FOUNDERS SOCIETY

The most prestigious of the George Snow Scholarship Fund's giving societies, The Founders Society celebrates and recognizes those generous donors who have made a bequest or other type of planned gift to the George Snow Scholarship Fund or have established an endowed Scholarship. Should you choose to include The George Snow Scholarship Fund in your will or other estate plans, we would be honored to know of your intentions and have you as a member of our Founders Society.

THE LOYALTY SOCIETY

The Loyalty Society honors our longtime donors, many who have supported the George Snow Scholarship Fund since our creation in 1982. Loyalty Society members have demonstrated their commitment to education through generous and consistent donations. The Loyalty Society honors those who's cumulative giving has reached a minimum level of \$10,000.

THE SCHOLAR'S COUNCIL

The Scholar's Council recognizes those individuals and organizations who have given in the past fiscal year to the George Snow Scholarship Fund in a substantial way. Annual giving is the life blood of the organization, it provides for the needs of the Scholarship Fund and the young people we serve. Membership in the Scholars Council can be earned by making a gift in excess of \$2,000 or by contributing a substantial amount of time or talent such as sitting on our Selection Committee or Chairing a fundraising event.
