September 30, 2023

Dear Friends of the Fund,

I hope this report finds you and your loved ones safe and in good health.

2023 marks a significant milestone for the Scholarship Fund as we proudly celebrate our 41st year of serving the deserving young individuals in our community. Thanks to the unwavering commitment of our donors, the 2022-2023 scholarship cycle proved to be a record-breaking one for the George Snow Scholarship Fund.

This year holds particular significance as the George Snow Scholarship Fund has recently formed a partnership with the Frederick A. DeLuca Foundation and the Florida Prepaid College Foundation. This collaboration has allowed us to nearly double the number of deserving students who will benefit from our awards. The impact of this unprecedented relationship will undoubtedly resonate for years to come.

During this scholarship cycle, we received an overwhelming response of nearly 1,500 applications for our awards and granted over \$4.8 million in scholarships and Scholar Support Services to 334 Scholars. Furthermore, we continue to provide ongoing support and guidance to 673 Snow Scholars currently pursuing their degrees.

What began 41 years ago as a small grassroots organization dedicated to honoring the memory of one man, the George Snow Scholarship Fund has grown into one of South Florida's most respected and cherished non-profit organizations.

What sets the Scholarship Fund apart from other scholarship providers is our holistic approach to supporting our Scholars. Beyond providing financial assistance for their educational expenses, we embrace them as part of our expanding family of Scholars, volunteers, donors, and staff. This family environment offers an array of support programs designed to increase graduation and success rates.

In essence, we provide our Scholars with the same level of care and support that we would offer to our own sons and daughters. As you peruse the following pages of our Annual Report and witness the remarkable impact of the Scholarship Fund's work, please remember that none of this would be possible without your unwavering support and passion for our organization. Each Scholar's success is a testament to your contribution. We sincerely thank you for your invaluable assistance in shaping the leaders of tomorrow, today.

With heartfelt gratitude,

Tim Snow

President, George Snow Scholarship Fund

Our Mission

The George Snow Scholarship Fund's mission is to help hard working students in South Florida to graduate from college by providing financial aid and wrap-around support services. Our goal is to ensure that no student is deprived of an education because of a shortage of funds or a lack of support.

Our Model

Providing scholarship funds is easy, dedicating ourselves to helping each student graduate from college is the focus and challenge for our staff. Beyond receiving scholarships and financial aid, these students become part of The George Snow Scholarship Fund family. They will receive our guidance and support well beyond freshman year, as they start the next phase of their lives. Everything we do is guided by the question "what would we do for our sons or daughters?" We do what we do for these students with the support of our local communities and we believe this is paid back with each student achieving their career goals and becoming productive citizens within the community.

SCHOLAR SUPPORT SERVICES

The belief that what we, as scholarship providers, offer to our scholars in the form of Scholar Support Services is just as, if not more valuable, than the financial commitment we make to them. The George Snow Scholarship Fund is nationally recognized for its creative and innovative Scholar Support Services. Our Scholars become a part of our family. No other scholarship provider does as much for their scholars.

SCHOLAR SUPPORT SERVICES CURRENTLY INCLUDE:

CAREER DEVELOPMENT CURRICULUM

The Career Development Curriculum will provide a roadmap for excelling our students' skillsets for both their collegiate and career goals, with the hope of landing them an internship and a job upon graduation. Through networking and partnering directly with top employers of Palm Beach County, we will bring their expertise and knowledge to our scholars, across a variety of industries.

COLLEGE CARE PACKAGES

For students with little or no support at home, college can be a difficult and daunting journey especially in times of stress during midterm and final exams. Each Fall our Scholars receive a package filled with fresh baked brownies or cookies and other tasty treats along with a note of encouragement.

COLLEGE PHYSICAL PROGRAM

Through a partnership with the Boca Raton Regional Hospital, our Scholars can have their college physical performed by a hospital physician. In addition, they may receive any needed vaccinations or inoculations such as meningitis and tetanus.

COLLEGE SUPPLY GIFT BAGS

Each Scholar receives a gift bag containing valuable products they can use during their first year at college including school and dorm supplies. These are quality products which are either donated to or purchased by The George Snow Scholarship Fund.

COMPSYCH

ComPsych provides Snow Scholars and their family members free access to their student assistance program. ComPsych offers mental health counseling, legal and financial consultation and work-life assistance services. Students and their family members receive five free sessions on a per person, per issue, per year basis. The ComPsych guidance resources offers someone to talk to whenever and wherever they need them.

COMPUTERS AND COLLEGE SUPPLY PROGRAM

Scholars, in addition to their financial award, have the option of choosing either a laptop computer or a cash college supply stipend. Computers are new, state of the art machines that are designed to last the Scholar their entire college career.

EMERGENCY FUND

Each Scholar has access to our Emergency Fund. The purpose of this Fund is to provide a resource for Snow Scholars that will help them manage unexpected and nonrecurring hardships such as sudden medical or travel expenses due to a family emergency.

HIGH SCHOOL TO COLLEGE: TOOLS FOR A SUCCESSFUL TRANSITION

This innovative program educates our Scholars on the many challenges and changes in lifestyle and environment they will experience entering their first year of college. By the time they begin college, they are educated consumers of higher education.

MONDAY MORNING MOTIVATIONAL MESSAGE

One of the most difficult things for many students is to be away from home and away from someone who will guide them and give them encouragement. With this in mind, each Monday morning, Snow Scholars are sent a message comprised of motivational quotes and stories that will set the tone for the busy week ahead and let them know that there is someone back home cheering for them.

SCHOLAR CLOSET

For college students living on a budget, quality clothing can be hard to come by. The Scholar Closet addresses that issue. Snow Scholars of all gender identities can visit the closet year-round for FREE clothing, shoes, and accessories. We rely on donations from community partners and individuals to offer both casual and professional attire. Clothing items are available for regular day-to-day use or for job interviews, and they are not expected to be returned!

SENIOR PORTRAITS

Each year, we create a studio in our office to take professional headshots. Snow Scholars receive a free digital copy to use in case they cannot afford a senior portrait or headshot for professional profiles like LinkedIn!

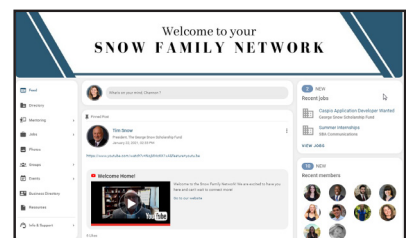

SNOW FAMILY MASTER CLASSES

We offer Snow Family Master Classes to teach our Snow Scholars valuable skills and to help them stand out against their peers. Classes are held in-person and virtually at no cost to the scholar. Professionals in the community and Snow Alumni volunteer their time to educate scholars on subjects they are experts in. Class topics include Cooking, CPR, Computer Programming, Financial Planning, Home Buying Basics, and Mindfulness.

SNOW FAMILY NETWORK

The Snow Family Network is a social networking platform where Snow Scholars and Snow Alumni are able to connect with each other. The platform can be used to find a mentor in a related field, search for jobs/internships, get updates on events, or just share life updates!

NON-PROFIT PARTNERSHIPS

The George Snow Scholarship Fund is extremely proud of our collaboration with other local and national non-profit organizations. These strategic partnerships expand our reach and enhance our scholarships and Scholar Support Services which magnify the benefits each of our Scholars receive.

Scholar Spotlight: Q&A with Gabriel Proulx-Wein

Gabriel Proulx-Wein is currently going into his senior year at The University of Miami, majoring in Marketing. Gabriel was awarded the GSSF scholarship in 2020.

Q. One of the biggest misconceptions is that if you were born in Boca Raton that your childhood will be one of privilege... and yours was most certainly not. What was it like?

A. While my mom worked extremely hard to make sure my sister and I were as happy as possible, there were some hardships.

Our dad leaving when I was seven years old really affected me and my behavior. I remember being a constant troublemaker toward my family, classmates, and authorities was apparently my way of taking out my frustrations back then. My sister, Emilie, was born with a movement disorder called cerebral palsy. At an early age, she underwent several drastic surgeries to try and heal the stiffening of her muscles, but still uses a walker to get around.

The financial strain of my dad leaving was tough on my mother. Before high school I severely struggled with an eating disorder called anorexia. I found myself caring a lot about how my peers perceived my physical appearance. This quickly led to me eating less and less, to eventually almost nothing every single day. I ended up weighing 120lb at 6'2ft. However, I also think it made our family stronger as we overcame so many odds. And now I'm getting closer to graduating from my dream school.

Q. How did you hear about the George Snow scholarship? And what made you want to apply for it?

A. Getting stellar grades was always important for me. Learning and advancing in school was a way to prove to others that I don't need to be born with a silver spoon to be successful. I wanted to prove to my peers that I can achieve everything they can, if not more, regardless of our financially different backgrounds.

Going to college was not in the financial cards. So, my mother and I did hours of research on all Florida scholarships and came across the George Snow Scholarship. Its mission statement says, "Our goal is to ensure that no student is deprived of an education because of a shortage of funds or a lack of support." Their mission statement was heavily aligned with my situation, and so I decided to apply.

I loved the interview process. Everyone there made me feel heard as each person was showing true interest. It was a surreal moment when I learned I got the scholarship, because it happened at the same time that I got a federal grant to UM.

Attending the University of Miami never crossed my mind. I had always assumed I would go to a smaller college. To this day I cannot believe how lucky I am to attend a school as beautiful as UM. The people I have encountered are some of the most interesting and diverse people I have ever met in my life.

Q. You are going into your senior year at UM... how has it gone? How has the scholarship benefited you?

A. I truly think that my years at University of Miami have been the best years of my life. I cannot see myself attending another school. I am so proud of what I have gained and experienced at this school whether it's becoming VP of the indoor and beach volleyball team, competing and winning my first powerlifting meet, excelling at my classes, and becoming close friends with the smartest and most diverse people I've ever met. I adore the cultural standard that Miami has built: finding that perfect balance between education, fitness, and leisure.

Q. How did you benefit from GSSF's Career Development Curriculum? How did it improve your interviewing skills?

A. I cannot thank Lisa Rossi enough for all that she has done for me throughout the career development process. She was always there for me with any concern that I had and was the best role model I could ask for. I went into the interview process inexperienced with mediocre conversational skills. I applied for a myriad of jobs, with little to no luck.

Strategic Partner Spotlight: Polen Capital

Q & A with Devyn Ceppetelli, Talent Acquisition Manager for Polen Capital

Q. Polen Capital is a global investment firm with its headquarters in Boca Raton. Tell us more about your relationship with the George Snow Scholarship Fund.

A. We have had the pleasure of partnering with the George Snow Scholarship Fund since 2021, providing funding, scholarships, and internships. Our annual scholarship contribution is \$40,000 for two scholars chosen by our Diversity & Inclusion committee. This organization is the perfect fit for our values and dedication to giving back to our communities. We look forward to continuing this partnership and watching the scholars flourish.

Q. Have you succeeded with your internship program with the George Snow Scholarship Fund?

A. Yes, and we are so excited about it. Polen Capital has a robust global internship program with the goal of finding full-time employees. Last year, we had one of the Snow Scholars intern for us in our Boca Raton office. She was so impressive that we offered her a full-time position with our team once she graduates. She said yes and has decided to join our office in Boston. The pipeline we built for internships can work well with the George Snow Scholarship Fund because these scholars

are intelligent, hard-working, and have eager minds preparing them to succeed.

Q. How is this partnership expanding?

A. We are excited to announce a career development program for George Snow Scholarship Fund scholars selected by Polen. We have a team that will offer tours and mock interviews to help the scholars as they prepare to enter the workforce. Plus, we will unveil "Coffee Chats" to connect scholars with key employees of Polen Capital. This program encourages the scholars to build relationships with our staffers and learn about their career journeys. Our team is excited to roll this out and looks forward to being mentors for such bright students.

Q. You work in the Talent Acquisition space. Why is this a perfect fit for both organizations?

A. Both our organizations are devoted to providing opportunities for the underserved. Our staff at Polen Capital are impressed with the George Snow Scholars because they are eager to learn, demonstrate curiosity, and have overcome so much to be successful. This partnership reminds us of how important human capital is for our growth. It is truly the best part of our job to not only to provide these scholarships, removing the financial burdens for these students, but being a first step in their promising career development.

Scholar Spotlight: Q&A with Gabriel Proulx-Wein *cont'd.*

Continued from page 7

After every interview, I called Lisa and explained each obstacle that I came across. She did a great job of giving me tips and supporting me along the way. As interviews went by, I noticed that my confidence developed up until I landed 3 different job offers by the end of the semester.

Q. And one of those offers was an internship with Vertical Bridge- how has that gone?

A. Throughout my internship at Vertical Bridge, I have worked very closely with the Marketing department. I have learned so much from the Marketing experts and I am excited to tackle more projects. As the Summer goes by, I also find myself fascinated with all things Finance. Learning about succession in adult life has given me new passions for the future. For example, for my next internship / job I think I will apply for an investment

banking or financial advising position.

Q. What would you say to other kids considering applying for the George Snow scholarship?

A. I would tell them to please go for it. GSSF truly changed my life. I don't know where I would be without them. They have given me an opportunity to attend my dream school, they landed me an amazing internship program this Summer, and they have supported my family for years. I have never met friendlier people who have made me feel so important and welcome. I cannot put into words how appreciative I am for everyone's support. Tim, Leslie, Lisa, Channon, and so many others have treated me like family every single time I step into the Mizner Park office. Thank you so much for everything you have done for me. You changed my life.

Alumni Spotlight: Q&A with Dr. Inita Knox

Q. You received a master's degree from UCF and will soon be earning a Doctor of Education from the University of South Florida in Educational Program Development... can you tell us about your educational journey?

A. I grew up in a neighborhood in Riviera

Beach that did not have adequate community resources. I had dreams of going to college, but my family just couldn't afford it. I figured joining the Navy would be my best option to be able to fund my college education and was all set for basic training. This was until my high school guidance counselor changed my mind. She said that because I was a dual-enrollment student, had many extra-curricular activities, had a part-time job, and was a caretaker for my grandmother who had two strokes, that scholarships could be the way to fund my college education. She said, "Apply for everything that applies to you." This wisdom changed my life and brought me into the George Snow Scholarship Fund family. I not only received a Snow Scholarship in 2009, but a Graduate Scholarship in 2022.

Q. These scholarships helped you attend Florida A&M University for your undergrad, where you would also study abroad for a semester. What was that like?

A. Studying abroad changed my perspective on life. My major was criminal justice with a focus on the juvenile justice department and a minor in international relations. I received the opportunity to participate in the Semester at Sea Program, to which I circumnavigated around the world on a ship. I literally went around the world with stops in the Bahamas, Dominican Republic, Brazil, Ghana, South Africa, Mauritius, Singapore, Vietnam, Hong Kong, Shanghai, Japan, and ending up in San Diego. I was not only able to submerge myself in different cultures, but I discovered that we are more interconnected than we think.

Q. How important has the George Snow Scholarship Fund been to your growth?

A. Once you receive this scholarship, everyone and I mean everyone tells you that you are joining a family. I can wholeheartedly agree with this, and I learned it was much more than a scholarship. Being a first-generation college student, I had no one that could guide me through the process. Thanks to the George Snow Scholarship Fund, they provided me that

support that made me feel comfortable and focused on attaining my academic goals. Whether it was for my first scholarship or my most recent graduate scholarship, they saw my passion. They encouraged me to continue my academic career, and I hope that I have made them proud.

I also want to thank every person who has donated to GSSF. You are creating pathways of opportunities. Your contributions make a serious impact, eliminating the worry of financial burdens, so that each Snow Scholar can achieve success and is the most prepared to positively enter the workforce.

Q. What does the future hold for Inita?

A. I want to bridge the gaps of education for the youth in our country who have experienced incarceration. I have worked as an educator and volunteer in the juvenile justice system and understand the barriers and inequalities that exist related to education for incarcerated and formerly incarcerated youth.

Major:	Ed.D - Education in Program Development

Strategic Partner Spotlight: Florida Prepaid College Foundation

Since 1987, the Florida Prepaid College Board has offered families a means to save for their children and grandchildren's future college expenses. As the not-for-profit division, they offer organizations the opportunity to purchase tax-deductible Florida Prepaid College Plan scholarships to leverage its dollar-for-dollar scholarship match. This allows donor and partner organizations to have a bigger impact within their community and make college accessible for more Floridians.

**Q & A with Cynthia O'Connell,
Inaugural Director of the
Florida Prepaid College
Foundation**

**Q. Tell us about your partnership
with The George Snow Scholarship
Fund.**

A. There is a tremendous synergy between our organizations as we both are dedicated to finding students determined to educate themselves out of poverty. Before the big news this year we had previously partnered on 20 scholarships with George Snow Scholarship Fund with great success. We were honored to work together to provide opportunities to some impressive students with the drive to succeed but who lack the means to attain a college education.

STANLEY G. TATE
**FLORIDA
PREPAID**
COLLEGE FOUNDATION

**Q. Then came the big donation, which was a game-changer
for your partnership... what happened?**

A. The George Snow Scholarship Fund received an overwhelming generous donation that allowed them to provide 100 extra scholarships in 2023. While we didn't have a lot of time to pull this off, both organizations worked hard to make it happen without a hitch. We were honored to grow our partnership and make the dream of higher education come true for 100 deserving scholars.

**Q. The George Snow Scholarship
Fund recently announced its Snow
Success program, which provides
opportunities for its scholars to
work in Florida, is this something
beneficial for your partnership?**

A. Yes, of course. Retaining talent in Florida is so important. The workforce pipeline in Florida is strengthened when Snow scholars are able to get meaningful job positions in our state that allow them to grow and achieve their dreams. We love the fact that GSSF supports its scholars not only throughout their college career but as they enter the workforce. This is a great partnership that we look forward to growing.

Alumni Spotlight: Q&A with Inita Knox *cont'd.*

Continued from page 9

These kids know that education is their way out. They need to believe that attaining a GED or high school diploma is possible. However, identifying a pathway to get there is sometimes challenging. They need to know that it is possible they can get a job or trade that is sustainable for them to live, grow, and be contributing members of society. It is important for people to understand that they can learn, they can change, and they want to be successful. Identifying resources, creating opportunities, and having advocates to champion access and specialized services can change the trajectory of their lives. I see myself working with the Department of Education or the school district to change policies and practices related to school reentry for adjudicated youth and creating programs for this marginalized population of students.

**Q. From caretaker to scholar to entrepreneur... what's the
takeaway for kids out there seeking a scholarship?**

A. I would tell those high school students to never think you aren't deserving. You are worthy. You matter. Your future matters. Your perseverance matters. Put in the work and take the time to fill out the George Snow Scholarship Fund application. Apply for everything that applies to you. If you do receive the scholarship, take advantage of everything they offer including resume building, internships, community service hours, making connections, and maybe applying for that graduate scholarship. It might just change your life again.

Volunteer Spotlight: Robert Snyder

Robert Snyder is the Chief Strategy and Communications Officer for NCCI, and his first introduction to the George Snow Scholarship Fund (GSSF) was cheering on his CEO who danced in the 2020 Boca Ballroom Battle. Little did he know that he would end up dancing himself in the 2021 Boca Ballroom Battle, co-chairing the event the following year and receiving the prestigious 2023 Robert S. Howell Spirit of Service Award.

Q. How did you go from watching the 2020 Boca Ballroom Battle to becoming a leading volunteer for the George Snow Scholarship Fund?

A. I didn't know much about the George Snow Scholarship Fund until I started to support our CEO Bill Donnell who was dancing in 2020, and he did very well. I was so impressed by all the energy and support from the community and inspired by the incredible stories of the scholars. I wanted to learn more and be a part of this impactful organization. At that time, I had absolutely no inkling I'd be asked to dance the following year.

Q. Tell us about that experience... dancing in the 2021 Boca Ballroom Battle.

A. When they asked me to participate, my insecurity said no, but my mouth said yes... and looking back, I'm so thankful it did. It is a big commitment on both the dancing side and the fundraising side. Quickly it became a labor of love. The support you get from past dancers is tremendous as they share their learnings having been through the same experience. Plus, you form something of a lifelong bond with the other seven new dancers; to this day our text chat group (the magnificent eight) is still going strong. It was such a great experience that when they approached me about being a co-chair the following year, I jumped at the chance.

Q. Why do you enjoy volunteering with the George Snow Scholarship Fund?

A. It was a big honor to co-chair the 2022 Boca Ballroom Battle. It was gratifying to help guide the dancers and to be part of an iconic celebration that benefits so many scholars. I really got to know the amazing staff at GSSF, and I was hooked.

Whether it is the Ballroom Battle, the Rhinestone Cowboy Ball, or any number of their other events... tell me where to be and I'll be there to roll up my sleeves. The beauty of the GSSF is that the organization is not so big that you can't see your impact. When you donate and volunteer, you will always see your impact. You'll join the family and follow the scholars as they overcome the odds and become success stories.

Q. What would you say to someone thinking about volunteering for the GSSF?

A. Stop thinking about it and just do it; you won't regret giving your time to the George Snow Scholarship Fund. They put on a number of big fundraising events and do a ton of work in support of the scholars... they can use all the help they can get.

Of course, if you don't have time to volunteer but still want to help, your financial support goes a long way. Whether you're donating on behalf of your favorite ballroom dancer, bidding on amazing auction prizes at the Rhinestone Cowboy Ball, or hosting a foursome at their annual golf tournament, your money is helping make kids' education dreams come true.

Q. The Robert S. Howell Spirit of Service Award recognizes one special recipient each year who represents volunteerism, generosity, commitment, and unselfishness. What was it like to receive the 2023 award for this?

A. Obviously receiving awards is not why I volunteer my time, but it was a tremendous honor that I greatly appreciated. Knowing I can play a role in supporting the GSSF team in their tireless effort to raise up deserving young adults, is why I am so committed to this organization.

2022 FINANCIALS

What began as a memorial to one philanthropic and devoted man has become a community asset—a family of individuals, corporations, private foundations, and community service organizations who share the belief that education is the key to a better life for the young people we serve.

The Scholarship Fund is governed by a dedicated Board of Trustees who steer the organization towards a sustainable future by adopting sound governance and financial management practices, as well as by making sure the Scholarship Fund has adequate resources to advance its mission.

Our Finance Committee works with staff to ensure our rigorous financial and administrative controls and works closely with our auditors to accurately communicate our financial positions to our stakeholders.

Our Investment Committee oversees the assets of the Snow Education Endowment and our other restricted assets to ensure that they are not placed at unreasonable risk by investing in a prudently diversified portfolio which, over time, provides for growth and income to fund scholarships each year.

Through careful management of the contributions invested in our organization we are able to maximize the funding which directly benefits each of our scholars.

The George Snow Scholarship Fund Giving Societies

Over the years, the George Snow Scholarship Fund has become a valuable resource for the deserving young people in our community. We have been able to accomplish this only through the generosity and support of many kind and generous individuals and corporations. The following giving societies serve to recognize those wonderful people who share our vision and have given so unselfishly of themselves.

The George Snow Scholarship Fund Giving Societies recognize our family of donors in three ways:

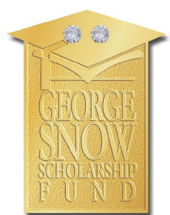

THE FOUNDERS SOCIETY

The most prestigious of the George Snow Scholarship Fund's giving societies, The Founders Society celebrates and recognizes those generous donors who have made a bequest or other type of planned gift to the George Snow Scholarship Fund or have established an endowed Scholarship. Should you choose to include The George Snow Scholarship Fund in your will or other estate plans, we would be honored to know of your intentions and have you as a member of our Founders Society.

THE LOYALTY SOCIETY

The Loyalty Society honors our longtime donors, many who have supported the George Snow Scholarship Fund since our creation in 1982. Loyalty Society members have demonstrated their commitment to education through generous and consistent donations. The Loyalty Society honors those who's cumulative giving has reached a minimum level of \$10,000.

THE SCHOLAR'S COUNCIL

The Scholar's Council recognizes those individuals and organizations who have given in the past fiscal year to the George Snow Scholarship Fund in a substantial way. Annual giving is the life blood of the organization, it provides for the needs of the Scholarship Fund and the young people we serve. Membership in the Scholars Council can be earned by making a gift in excess of \$2,000 or by contributing a substantial amount of time or talent such as sitting on our Selection Committee or Chairing a fundraising event.
